Flush Your Kidneys Occasionally if You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores. so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, backsches, liver trouble nervousness, constipation, dizziness, sleeplessness, bladder disorders

come from sluggish kidneys. The moment you feel a dull ache in the kidney or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of scalding. get about four ounces of Jad Saits from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous saits is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutraitse the acids in urine so it no longer causes irritation, thus ending blad-

Jad Salts is inexpensive and cannot injure; makes a delightful efferserious kidney complications.
